#### PAINFUL ACCIDENT.

Mr. W. P. SMITH, the very worthy proprietor of the Sumter Marble Yard, received a severe blow in the face and shoulder, on Wednesday afternoon last, whilst assisting to remove from a wagon a heavy slab of marble. A piece of timber used as a part of the platform of the wagon was thrown up with great violence by the fall of the marble to the ground, inflicting the wounds mentioned. The escape of Mr. SMITH from instant death, was almost miracustate of insensibility. Mr SMITH is still suffering severely from his injuries, but, it is hoped, will soon be able to

THE EFFECTS OF ADVERTISING. R. C. SHIVER is called, by the Chester Reporter, "the A. T. Stewart of Columbia." He scatters his advertisements broad east. Your favor of 1st instant, asking the result Your layer of 1st instant, asking the result of the use of the Phenix Guano I bought of you last spring, was duly received. I state now, as on a former occasion, that the yield of cotton (I have not applied it to anything else) was fully one hundred per cent, better on the land where it was used than where it was not used on land of the same quality, and I think this to be a safe calculation generally, where the Guano is property are the first of the same quality. THE BLESSING OF THE AGE.

No more Sick Headache, no more Dyspepsia, no more Indigestion, no more Piles, no more Chills, no more Liver Complaint, no more Kidney Disease, no more Costiveness, no more Heartburn. TUTT'S VEGETABLE LIVER PILL is a certain guarantee against all these distressing complaints. .

All systems and institutions, whether civil or therwise, which are incapable of moving along with the tide of public improvement, will somer or later be swept away by its progress. Medicine is not aloof from such influences, but the "Old Carolina Bitters" are the favorite tonic of the age, and bid fair to outstrip all competitors.

J. H. DINGLE, Chairman F. A. Folson, Secretary. March 2nd, 1870.

THE SEASON AND ITS DANGERS, The human body is chiefly composed of tissue and fibres as sensitive in every change in the condition of the atmosphere as the most delicate electrometer, or the quicksilver in a baromete

The stomach, the skin, the nerves, the lungs,

and the excretory organs are especially liable to be affected by these variations, and the best defeden against their disastrous tendency is to keep the digestive a achinery, which feeds and none shes the whole system, in good working order. If the stomach is weak or disorder d neither he blood nor the bile can be in a healthy state, and upon the fitness of these two important fluids for the offices assigned to them by nature, and

measure depends. When the air is heavily laden with chilling enpors, as it often is at this senson of the year, the digestion should be an object of peculiar care, If it is week and languid, the whole physical structure will be enervated. If it is vigorous, the entire organization will be strong to resist the nu oward and depressing influence of a damp and itiated atmosphere.

A pure and powerful tonic is therefore espo cially needed as a safeguard against the diseases most common in the spring, and Hostetter's Stomach Bitters being the most wholesome and potent medicine of the class at present known, a course of it is particularly advisable at this period of the year. The stomach will thereby be toned and strengthened, the liver and bowels regulated, the nervous system braced up, and Green, Watson & Walsh, nature put in a stateof active defence against the miasma which superinduces intermittent and emittent fevers, rheumatism, nervous debility, headache, hypochondria and other complaints which are apt to assail the untoned and unfortified organizations. The body is strengthened without exciting the brain, and consequently no unpleasant reaction follows its reviving and renovating operation. Bronchitis or Throat Diseases.

THOSE AFFLICTED WILL FIND A REMEDY IN

ALLEN'S LUNG BALSAM, BE CONVINCED BY POSITIVE PROOF, AND TEST IT YOURSELF.

ZANES VILLE. Onto, February 20th, 1869. dessrs. J. N. HARRIS, & CO.,

Gentlemen:—

1 have been afflicted or ten or twelve years with Bronchitis in its worst torm, and have tried everything that I could buy recommend d, but with little or no relief, until I used your ALLEN'S LUNG BALSAM, which gave me retief in a short time. I believe it is the best preparation extant, for all diseases of the throat and lungs, and I feel it my duty to say this much for my own case, so that others may try it and get relief.

Respectfully,

MATHIAS FREMAN.
